PROFESSIONAL SUMMARY

Motivated MCA graduate with strong proficiency in Python, React.js, Generative AI, databases, and modern web technologies. Hands-on experience developing AI-powered web applications, integrating AI APIs, and building full-stack solutions through academic projects and internships. Passionate about building scalable, intelligent, and user-friendly applications.

EDUCATION

Master of Computer Applications (MCA) Chinmaya Institute of Technology, Kannur	2023 – 2025
Bachelor of Science in Computer Science Mahatma Gandhi College, Kannur	2019 – 2022

TECHNICAL SKILLS

Programming: Python, JavaScript, Java
Frameworks: Django, Django REST Framework, React.js
Databases: MySQL, PostgreSQL, MongoDB
Web Technologies: HTML, CSS, Bootstrap
AI & APIs: Generative AI, AI API Integration, REST APIs
Tools: Git, GitHub, Postman

PROJECTS

EXTRACTOR – AI-Powered Recruitment Portal

React.js • Django REST Framework • MySQL • AI APIs

- Developed an AI-powered recruitment platform for job posting, candidate screening, online assessments, and hiring workflows.
- Integrated AI for job description generation, resume analysis, candidate-job matching, and automatic MCQ generation.
- Built REST APIs using Django REST Framework and responsive user interfaces with React.js.
- Implemented resume parsing, AI-based candidate evaluation, and online assessment workflows.

ONE TOUCH JOB

MERN Stack • Python • SQL

- Developed a platform integrating skill development, internships, freelancing, and job placement.
- Built backend functionalities using Python and SQL for efficient data management.

HARITHA KARMA SENA

Python • SQL • HTML • CSS

- Developed a waste management application for collection and segregation tracking.
- Implemented structured data models and real-time monitoring features.

INTERNSHIP EXPERIENCE

Python Full Stack Developer Trainee <i>Kompetenzen Technologies, Kochi</i>	Jan 2026 – Present
--	---------------------------

- Training in Python Full Stack Development using Python, Django, HTML, CSS, SQL, and React.
- Developing full-stack web applications by integrating frontend and backend technologies.

Python Developer Intern <i>Altos Technologies, Kochi</i>	Jun 2025 – Sep 2025
--	----------------------------

- Developed modules for a hospital management system including role-based access and appointment scheduling.
- Designed database structures and workflows using Python and SQL.
